EarthSTEPS - Your One Stop Shop to ENERGY STAR® Qualified Homes

We offer you:

FAST AND FLEXIBLE SERVICE

Customer service is our #1 priority. We understand that you are on a tight schedule, so our trained staff will work around your construction timetable to verify that your homes earn the ENERGY STAR.

DIAGNOSTIC TESTING

We offer assurance that your homes perform efficiently with the help of diagnostic equipment, including a blower door test to evaluate the leakiness of the home envelope and a duct blaster test to gauge the leakiness of the duct system.

RATINGS BY QUALIFIED HOME ENERGY PROFESSIONALS

We are trained and certified home energy professionals, qualified to provide verification services for EPA's ENERGY STAR program.

TECHNICAL SUPPORT

We have building science experts on-hand to answer all your questions and ensure that you have a smooth transition to constructing high performing, ENERGY STAR qualified new homes.

To earn the government's ENERGY STAR, a home must meet strict energy efficiency guidelines set by the U.S. EPA. ENERGY STAR qualified homes are quieter and more comfortable, have lower utility bills, and help protect the environment by reducing greenhouse gas emissions.
